

DO YOU OPPOSE NUCLEAR WEAPONS?

Did you know that the **Scottish Local Government Pension Scheme** invests around **£300 million** in nuclear weapons producers?

Companies like Lockheed Martin, General Dynamics and BAE Systems make vast sums of money producing nuclear weapons that are designed to destroy cities and kill millions of people.

Profiting from weapons of mass destruction is not acceptable!

Five Scottish councils – **Midlothian, Renfrewshire, West Dunbartonshire, East Ayrshire and Inverclyde** – have already passed a resolution calling on the scheme to divest.

WHAT CAN YOU DO?

- **Write to your local councillors** to explain why their pension fund should divest from nuclear weapons and ask them to put our model resolution to council.
- Visit the **CAMPAIGN** page of Don't Bank on the Bomb Scotland's website for a copy of the model resolution and our template letter to local councillors:
